## ACTION ALERT

### **Do you think Girls' sports should be just for GIRLS?**

**Absolutely! That's why we have teams for girls in the first place.**

**Please be sure to have you and every member of your family 7th grade and above sign our petition if you agree--and please share with all your contacts!**

**SIGN PETITION**

The [Minnesota State High School League](#) (MSHSL, the organization all

schools have to be members of in order to compete in state athletics) has been working since this summer on a **“transgender student policy.”** MSHSL worked directly with OutFront Minnesota (our state’s largest LGBTQ advocacy organization) to draft the policy. The policy would **force ALL schools** (public and private) and ALL students participating in MSHSL sports (public, private, homeschool) **to permit students who say they feel they are "transgender" to participate on the team opposite their biological sex (and likely logically gain access to the showers, locker rooms, hotel rooms, etc. of the opposite sex).**

*This means Girls' teams would no longer be for just girls--they could include biological boys who "feel deeply internally" that they are girls.*

The MSHSL Board will make a final decision on this policy on **December 4th!** The LGBTQ community is working hard to pass this policy, which is **unfair, unsafe, and discriminatory against girls.**

That's why we need you, your family, your friends, your school, and your entire church community to sign the petition opposing MSHSL's "transgender student athlete policy" and saying you support instead a simple, common-sense rule clarifying that students should play on teams that match their birth sex.

## Nurturing and Defending Families

Our mission is to nurture and defend families by restoring biblical truth in the public square. The MSHSL's proposed "transgender policy" is one form of biblical truth being intentionally removed from the public square--particulary from the world of Education where our precious children are involved.

Please consider a gift today to help us work to restore biblical truth in the realm of education and stop this transgender policy.

God bless you!
